## **U.S. 30 Detour in Plainfield for Widening Project**

**CHICAGO** – The Illinois Department of Transportation (IDOT) announced that the planned detour of U.S. 30 between Renwick Road and Illinois 59, in Plainfield, will go into effect as early as this Saturday, July 11.

The detour will direct motorists traveling in either direction on U.S. 30 to use Renwick Road and Illinois 59. To access local businesses, a one-way, single lane will allow entry for traffic heading southeast on U.S. 30 from Illinois 59 before exiting the work zone at Collins Drive.

The detour will remain in place until late November.

Immediately to the east, U.S. 30 between Renwick Road and Interstate 55 soon will be shifted south so construction can begin on the new westbound lanes. Access to all businesses will be maintained during the project.

In April, IDOT started construction on the \$21 million reconstruction and widening of U.S. 30 between I-55 and Illinois 59. The project has an anticipated completion date of Summer 2017.

Motorists should continue to expect delays and should allow extra time while driving through the segment under construction. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.

Find details on other construction projects in IDOT's District 1 at <http://goo.gl/upgvZu>. Updates on the impacts to traffic are available at [www.travelmidwest.com](http://www.travelmidwest.com).
